**Subject:** Print Production - Bid Waiver

This is to request your approval to waive competitive bidding on production for the Benson & Hedges Special Kings "sampling bins" which will be used September 29th for the Special Kings Club Nights.

Purchasing is preparing to produce 500, however, Christine McAuliffe in Purchasing informs me that to meet our in-field date of September 13th, she requires three to five weeks of production. Waiver of the competitive bid process will allow her to begin production immediately.

Thank you.
